

# Partnertag: Climate Change across Africa, with a focus on Southern and Eastern Africa » the case of Mozambique

Schweizerische Eidgenossenschaft  
Confédération suisse  
Confederazione Svizzera  
Confederaziun svizra

Swiss Agency for Development and Cooperation SDC

## **SWISS COOPERATION PROGRAM**

**CC as transversal theme: “more systematic integration of climate change, DRR, resilience-building and emergency response measures in Swiss portfolio”.**

## CLIMATE MAINSTREAMING

### ACTIVITIES TO INCREASE RESILIENCE

#### 1. Governance domain:

LoCAL (UNCDF) **Performance-based Climate Resilience Grants.**

#### 2. WASH Domain:

Flood proof / cyclone **resistant** WASH infrastructure and services.

#### 3. Local Economic Development Domain:

Circular economy, green economy.

ESG standards

## **SWISS INTERVENTIONS**

- **Regional CEDRIG training 2025.**  
Close collaboration Bern-Regional-COOF-Local partners.  
CoP  
Harmonise approaches
- **Art 6 Paris Agreement – BAFU-MOZ.**
- **Climate Finance and corruption: U4 – Global to local.**
- **Donor CC working Group: co-leadership with SWE.**

## SWISS CLIMATE FOCUS

1. Continuity with three **northern provinces** (Nampula, Niassa and Cabo Delgado)
2. Shift towards an **area-based approach** that focuses on municipalities in the Nacala corridor.
3. Further exploration of **triple nexus: e.g. AKDN Mel do Mar**

## Development of a multi-year DRR program:

### **Strengthening climate risk preparedness through localized early warning and anticipatory action.**

- Development and implementation of **local adaptation plans**.
- Enhanced **community preparedness** and prevention capacities.
- **Community EWS**.
- Improved **framework conditions** and ensuring **coherent approach**.
- **Women, youth and vulnerable groups** (incl. IDPs) as agents of resilience in planning, decision-making and implementing local DRR solutions.

## **Examples: Early Warning Systems (EWS)**

- **Community-Based EWS and early action: Last mile connectivity**
- **Social Enterprise Incubator for Early Warning Solutions**
- **Technical Cooperation Facility**

## **DELIVERY**

- 1. Linking global initiatives and with localised actions, other donors initiatives (e.g. WB)**
- 2. Identifying gaps**
- 3. Identify transformative actions**
- 4. Focus on longterm sustainability: local governance.**
- 5. Develop stronger CoP**
